

MAX POWER ORGANICS™

TOMAHAWK II™

BUFFER SPRAY & ACIDIFICATION AGENT

| PRINCIPAL FUNCTIONING AGENTS: | % BY WT. |
|--------------------------------------------------|----------|
| Garlic Extracts | 10 % |
| Components ineffective as a spray adjuvant | 90 % |
| Total | 100% |

*Formulated with Citric Acid, Acetic Acid, and Water

All ingredients are exempt from tolerance requirements under 40 CFR, 180.1001 and 180.1164.

KEEP OUT OF REACH OF CHILDREN WARNING

Liquid causes eye irritation. Avoid contact with skin, eyes or clothing (wear eye protection, long sleeved shirt, gloves, long pants, shoes plus socks). May be harmful if swallowed or absorbed through skin. Avoid contact with skin, eyes, or clothing. Avoid breathing spray mist. Wash thoroughly with soap and water after handling. In addition, follow precautionary statements on labels of the accompanying pesticide(s).

Statement of Practical Treatment

If Swallowed: Call a physician or Poison Control Center immediately. Drink 1 to 2 glasses of water and induce vomiting by touching back of throat with finger, or if available by administering syrup of ipecac. If person is unconscious, DO NOT give anything by mouth and do not induce vomiting.

If on Skin: Remove contaminated clothing and wash with soap and water. Get medical attention if irritation persists.

If in Eyes: Flush with water for at least 15 minutes, call a physician if irritation persists.

If Inhaled: Remove victim to fresh air; apply artificial respiration if necessary. Get medical attention.

GENERAL INFORMATION

TOMAHAWK II is an organic acidulant and buffering agent for lowering the pH of spray tank water. This formulation does not use corrosive mineral acids and therefore is safe to use in spray equipment. **TOMAHAWK II** does not contain heavy metals that may inactivate companion pesticides. Use of **TOMAHAWK II** reduces pesticide degradation caused by alkaline hydrolysis. It should always be added to the spray tank while agitating, but BEFORE the addition of any pesticides. Not for use on aquatic sites.

Net Contents: 2.5 Gallons
Shake container well before using *

Made in the USA

DIRECTIONS FOR USE

Read and follow the precautions, restrictions and recommendations of the labels of pesticides used with **TOMAHAWK II**. Use according to the most restrictive label directions for each product in any tank mix. A range of 1 to 3 pints of **TOMAHAWK II** per 100 gallons of finished spray solution may be required depending on the desired final pH. Specific use rates will vary due to water quality variability (pH, alkalinity, hardness, etc.). In general, well water typically requires more product due to naturally occurring mineral content, whereas surface waters require less. For precise pH adjustments, test the spray solution with a pH meter or indicator strips.

MIXING INSTRUCTIONS

Shake well before using. Fill spray tank ½ full of water and begin agitation. Add products to be used as directed by pesticide label instructions, or in the following sequence: (1) **TOMAHAWK II**, (2) Dry flowables or water dispersing granules, (3) Wettable powders, (4) Flowables, (4) Liquid Solutions, (5) Emulsifiable concentrates, (7) Surfactant. Continue filling spray tank with water under agitation. Continue agitation until spray solution is completely mixed. Continuous agitation of finished spray is recommended. If spray solution has been allowed to stand, thoroughly agitate and remix before application. It is recommended to apply spray solution within 36 hours of mixing.

STORAGE AND DISPOSAL

Do not contaminate water, food or feed by storage or disposal. Do not store near heat or open flame. Store in original container in a cool dry place.

Storage: Store in original container away from children, animals, foods, feeds and seeds. Handle in accordance with Precautionary Statements. In the event of spillage or leakage, soak up the material with absorbent clay, sand, sawdust or other absorbent material. Scrape up and dispose in accordance with Product Disposal.

Product Disposal: Wastes resulting from the use of this product may be disposed of on site or at an approved waste disposal facility.

Container Disposal: Triple rinse (or equivalent). The offer for recycling or reconditioning, or puncture and dispose of in a sanitary landfill, or incineration, or, if allowed by state and local authorities, by burning. If burned, stay out of smoke.

In the event of a major spill, fire or other emergency, call (760) -737-2918 day or night.

CONDITIONS OF SALE AND WARRANTY

IMPORTANT: Read the entire *Directions for Use* and the *Conditions of Sale and Warranty* before using this product. If the terms are not acceptable, return the unopened product container at once. The *Directions for Use* are believed to be reliable and should be followed carefully. However, it is impossible to eliminate all risks inherently associated with the use of this product. Crop injury, ineffectiveness or other unintended consequences may result because of such factors as weather conditions, presence of other materials or the manner of use or application, all of which are beyond the control of **Cal Crop USA II, LLC** or the Seller. All such risks shall be assumed by the Buyer.

Cal Crop USA II, LLC warrants that this product conforms to the chemical description on the label and is reasonably fit for the purpose referred to in the *Directions for Use* subject to the inherent risks referred to above. **Cal Crop USA II, LLC** makes no other express or implied warranty of Fitness or Merchantability or any other express or implied warranty. In no case shall **Cal Crop USA II, LLC** or the Seller be liable for consequential, special or indirect damages resulting from the use or handling of this product **Cal Crop USA II, LLC** and the Seller offer this product, and the Buyer and User accept it, subject to the foregoing *Conditions of Sale and Warranty*, which may be varied only by agreement in writing and signed by a duly authorized representative of **Cal Crop USA II, LLC**
